

SNQ Captains Update from Chloe

From our Female SNQ Captain

Being nominated as NQ captain for the 2017/2018 season alongside Zac was an honourable experience that has lead to a number of highlights and achievements throughout the course of the season. As our first duty as captains, we assisted in the organisation of the SNQ swimming relay teams at the December long course state championships. It was such a humbling experience to witness the success of such a talented team of swimmers representing North Queensland. The NQ championships in Townsville was another strong highlight of the season, where we welcomed the swimmers at the opening ceremony amongst other admirable staff and officials. During the ceremony, we also introduced the new 2018/2019 season captains to which I wish good luck. However, the highlights of the season weren't just the events, it was getting to know other swimmers, proudly supporting our team and encouraging swimmers in our region. We are also currently in the process of assisting the management committee with designing the new SNQ development level 3 shirts. I would like to conclude by thanking the SNQ committee, officials and swimmers for this extremely rewarding opportunity.

Thanks,

Chloe
